VALPARAISO

is practically a suburb of Chicago, with dozens of trains daily. It is on the Grand Trunk, the Pittsburg, Ft. Wayne & Chicago and the Nickel Plate Railroads, Interurban, with close connections with the Monon, B. & O., Wabash, Lake Shore, Michigan Central and other important trunk lines. It is a beautiful little city of 8,000 inhabitants, high and healthful, with shaded and paved streets, pure water supply, pretty scenic surroundings and unusual social advantages.

On arriving in Valparaiso the student should come direct to our office, which is located on the southwest corner of the Public Square. We will locate you in comfortable quarters after you come to the office. There is someone in charge of our building both day and night, and we will be glad to attend to all your wants. When desired, we will send a representative to meet you at the train.

On arriving at our school, the student will undergo an examination as to his natural ability and possible advancement. Due credit will be given any previous knowledge or experience.

We invite inspection of equipment and actual results. Correspondence is given prompt attention at all times. Any information as to our school, our work, or the best railroad route to and from Valparaiso, is cheerfully and carefully furnished upon request.
